

SPARK!

Supporting Peers Along Recovery's Kaleidoscope

SPARK! Is an Adult Peer Support Day Service Program that promotes personal development and wellness as a means to acquire a more meaningful life. We provide Peer Support Group services surrounding recovery, self-advocacy, living, social, and occupational skills.

Kaleidoscope: An optical tubed instrument that when rotated creates different patterns. The various colors and forms in a kaleidoscope can symbolize an escape from a time of difficulty and self-doubt. A kaleidoscope constantly generates changing symmetrical patterns from small pieces of colored glass, and therefore a kaleidoscope can symbolize anything that is constantly changing.

WHO ARE WE?

Here at SPARK! We recognize the value of wellness connections the ability to relate to others with behavioral health experiences. It is our belief that shared lived experience is one of the best ways to gain support. That's why many of our staff themselves are people with lived experiences of behavioral health disorders. This is an evidenced based practice called Peer Support. Peer Support is recognized as an essential component to the recovery process.

WHEN ARE WE?

Our Programs operate from 9:00am-2:00pm, Monday thru Friday. With the exception of most major holidays.

Well... we're glad you asked.

After the referral process we'll look into means of transport.

If you are a recipient of Medicaid you may be eligible for transportation through Logisticare of Georgia.

If you don't receive Medicaid and are interested in SPARK! then we'll look to see if slots are eligible for Unified. Unified is a transportation service that can assist those who are uninsured.

If you live in the inner city of Dublin, or live in the Soperton area, then it may be that we ourselves can provide transport.

Lastly, there is always the option to drive yourself, or have a friend or relative who can drop you off and pick you up.
