

SOAR

Supporting Opportunities Achievements and Resiliency

The Clubhouse is a child and adolescent program, designed to provide a comprehensive and unique set of services for children and families coping with the challenges of mental health disorders. The clubhouse programs provide supportive services that include educational supports, employment services, peer support, family engagement, social activities, and other initiatives geared to engage youth and assist them in managing behaviors and symptoms.

Community Outreach

What SOAR clubhouse has to offer those in the community with mental health challenges and what we can offer our community partners!

Suicide Prevention	Sources of Strength Peer
CH Employment & Vocational	Family Advocacy/Skills
Clubhouse Peer Services	Case Management
Clubhouse Social & Interpersonal Skills	Resource Fair Participation
Mental Health Education	Clubhouse Tutorial Services

Our Community Story

SOAR Clubhouse is dedicated to strengthening the relationship with our community partners. Our mission is to have a close working relationship with our partners so that we can provide them with education and tools to recognize and help those with MH needs find the help they need. In return our partners can offer our members valuable resources, volunteer time and monetary help with community generosity projects to help our members thrive in the community.

Support Stories

"The Clubhouse has taught my granddaughter how to make friends and gave her an opportunity to experience new things. The Clubhouse allows her mom to be able to go and experience new things with her."

"There was a veteran that had a stroke who didn't communicate. When the kids came in to visit our Veterans we were so surprised to see him responding, laughing and smiling."

"If you have ever had to help with a fourth grader's math homework you know how hard it can be. Having future educators come in and help not only our members but our adults as well is priceless."

Why We Do This

At SOAR Clubhouse we are much more than an afterschool or a group therapy program.! We are about giving our youth the tools and motivation to be leaders through fun and exciting opportunities that are not considered "traditional services" but through new creative clubhouse experiences. It takes a village! We need the support of our community partners through interns, community resources, volunteering and funding for community projects.
