Who We Are

About Us

The Abundant Life Program (ABL) is a 6 month residential facility. We are a grant funded program. We are designed to view recovery as an ongoing process to improve health and wellness and live satisfying self-directed lives for pregnant and parenting women. ABL uses evidenced based practices that address risk factors for relapse We empower our ladies to achieve their goals, help identify barriers to employment, education, housing, family roles and responsibilities, and to recognize unique strengths and natural supports in the community. ABL works with our ladies who are at high risk for relapse, are pregnant, have Child Protective Services or Family Support Involvement, criminal justice involvement, psychiatric disorders, and are sufficiently medically stable to participate in treatment. We strive to help women in the community with drug and alcohol problems recover and return to their local communities successful, sober and independent.

ABUNDANT LIFE RESIDENTIAL FACILITY

*Community Service Board of
Middle Georgia*

The Goals of the Abundant Life Program:

The major emphasis of our program is on the Twelve-Step Treatment Model. Our goals are:

- 1) To help substance abusers gain a comprehensive understanding and acceptance of her disease.
- 2) To provide education and support to the substance abuser in order to identify her relapse triggers and facilitate the development of her own individualized comprehensive relapse prevention plan.
- 3) To provide education and support to the consumer that will assist her in enhancing her parenting skills and abilities to cope with the family aspect of the disease of addiction.
- 4) To provide vocational education which will assist the consumer to enter or re-enter the work force and maintain employment.

Recovery is a process. It takes time. One Step at a time , One day at a time, One hour at a time, One second at a time.

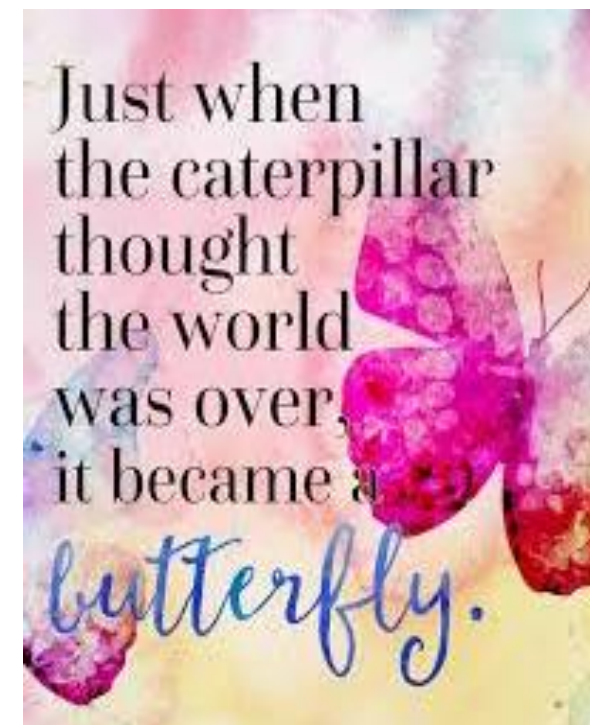

Abundant Life utilizes a holistic, evidence based approach for treatment

“How does one become a butterfly? You must want to fly so much that you are willing to give up becoming a caterpillar.” -Trina Paulus

Abundant Life Intake Process
Clients will need to bring with them:

- **Photo ID**

Women's Treatment and Recovery

We are a Women's Treatment and Recovery Support Residential Program. Which is a grant funded program. We have a referral base and we must select applicants in the order the Abundant Life referral application was received and by the guidelines that are placed upon us by the state of GA. At Abundant Life we have a total to 10 Beds: 4 TANF/CPS Beds, 5 SSBG/Non-CPS beds, and 1 Non-TANF. The 4 CPS beds are for women receiving TANF benefits or have an open CPS case with DFCS. The 5 SSBG beds are for women with dependent children. The 1 Non-TANF bed is for a woman who has no children, adult children, or has no custody of her children.

that was meant to destroy
her"*

Interim Services

We will provide Interim Services to pregnant individuals that we are unable to admit within 48 hours and individuals that are using intravenous substances within 14 days to make interim services available within 48 hours.

Prioritization Criteria

1. Pregnant women will be given priority status for admission to this program. If no slots are available, preference must be given to admitting her to another appropriate program, even if out of catchment area. If a provider is unable to admit a pregnant woman, provider must place her on a waiting list and within 48 hours, pregnant women must be in a program.
2. IV Drug users will be given second priority status for admission to the program. If no slots are available, preference must be given to admitting her to another appropriate program, even if out of catchment area. If a provider is unable to admit an IV Drug using woman, provider must place her on a waiting list and within 14 days, woman must be in a program.
3. High priority is given to women who meet the Needy Family Definition.
4. Preference is to be given to those women who are in a condition to benefit most from the services and opportunities provided by this program.
