Essential Pieces ABA Center

A part of the Community
Service Board of Middle
Georgia

Who We Are

All families want the best for their children. If your child has been diagnosed with autism spectrum disorder, we can help. Our skilled therapists work with families in Middle Georgia to deliver individualized services to children up to age 18.

Essential Pieces offers autism services and utilizes Applied Behavior Analysis therapy – or ABA – which is widely recognized as the most effective, evidence-based treatment for autism. Studies indicate the earlier children receive ABA therapy, the more gains they make. We use this proven treatment approach to develop a customized treatment plan to help each child reach his or her full potential.

Essential Pieces inspires and guides families through the treatment process with hands-on support, education and training to make the greatest possible positive impact on the life of each child.

FOCUSED ABA TREATMENT

TARGETS SPECIFIC
BEHAVIORS.

DESIGNED TO MINIMIZE
CHALLENGING BEHAVIORS.

MAXIMIZES SOCIAL SKILLS OR
ADAPTIVE SKILLS IN SPECIFIC
AREAS.

TREATMENT LEVEL AND

PARENTAL INTERVIEWS AND
VARIOUS ASSESSMENT TOOLS.

TREATMENT IS PROVIDED BY A
TRAINED REGISTERED
BEHAVIORAL TECHNICIAN
(RBT), UNDER THE DIRECT
SUPERVISION OF A BOARD
CERTIFIED BEHAVIOR
ANALYST.

Getting Started

1. Secure a copy of your child's evaluation which includes test results, a diagnosis of autism and a prescription for ABA therapy. The evaluation must be conducted by a licensed physician or psychologist and is required to start the intake process.
2. Visit CSBMG for an intake appointment to establish services with our facility and receive our ABA specific intake packet
3. Once we receive your intake information, we will call you to schedule an initial appointment with our therapy staff for a comprehensive assessment to determine what areas your child needs help in and to set up their specific treatment plan
