CST Community Support Team

Community Integration

CST Criteria

Community Support Team (CST) is an intensive behavioral health service for individuals with severe mental illness living in rural areas of the State who are discharges from a hospital after multiple or extended stays or from multiple discharges from crisis stabilization unit(s), or discharged from correctional facilities or other institutional settings, or those leaning institutions who are reluctant to engage in treatment. This service utilizes a mental health team led by a licensed clinician to support individuals in decreasing hospitalizations, incarcerations, emergency room visits, and crisis episodes and increasing community tenure/independent functioning; increasing time working or with social contacts; and increasing personal satisfaction and autonomy. Through active assistance and based on identified, individualized needs, the individual will be engaged in the recovery process.
